PoE TO USB-C Driver

802.3at **PoE+** 802.3af

Plug & Play

Compact Size

**PTC200-5V2A**

Key Features:

---- Support Android ,Harmony OS,IOS system.can use for Mobile phone The tablet and other devices

---- Mobile broadband Internet access, faster and more stable than WIFI, while supporting mobile phone charging

---- Mobile phone/tablet charging while surfing the Internet, wired network card, PD device charging, drive free plug and play

---- TYPEC mobile phone is connected to the network cable of this device, so the mobile phone can experience the wired broadband, and PD charging will no longer worry about the power shortage

---- Stable network, ultra-low delay, no delay in live broadcasting, faster and more stable Internet experience, get rid of the trouble of WIFI instability

---- Compact and portable

Model	PTC200-5V2A
Specifications	
Product name	PoE TO USB-C Driver
Application	Laptop, Tablet, Phone
Support OS	Android, Harmony OS, IOS
Interface Type	RJ45 to Type-C
Transmission Rate	10/100Mbps
POE input Standard	IEEE802.3af, IEEE802.3at
Power supply pins	1,2 + / 3,6- and 4,5 + / 7,8-
DC/OUT	5V/2.4A (12W)
OUT Connector	Type-C USB2.0
Protection	Isolation 1500V High voltage
Dimension(W×D×H)	80mm x 28mm x 20mm(7.8in x 3.5in x 1.18in)
Line Dimension	225mm
Weight	< 0.1Kg

Dimension

225mm

80mm

20mm

28mm

Applications

PoE to USB-C Driver

The network equipment can be simultaneouslysupplied with power through the TYPE-C interface.

Safe   Smart   Simple   Efficient

Type-C   Android   IOS

PoE IN

POE-GIG-DVR
